Spanish Class monthly newsletter

Señora Calderon

acalderon@stsymsschool.org

School days : Thursdays

Welcome to Señora Calderon Spanish class. This will be my first year teaching at St.Symphorosa but my 10th year in education. As we begin this school year I will like to inform you of the many fun and exciting news here in our Spanish class.

PreK / Kindergarten : Spanish will be held in their homeroom classrooms. We will be learning the language through singing and dancing. Our first lesson will be the Spanish alphabet and the vowels.

1st and 2nd : Students will be given a set of vocabulary words to learn and practice monthly. We will be learning the language by looking at pictures with sound repetition, songs and body movements.

3rd and 4th : Students will be given a set of vocabulary words to learn and practice monthly. We will be learning the language by taking notes, formulating sentences and small group interaction. **Students will be tested at the end of each month on vocabulary and will occasionally have homework. Homework will be due the following Thursday, however there will be a Spanish drop in box in their homeroom classrooms for early completion.**

5th - 8th : Students will be giving weekly lessons on vocabulary, grammar, pronunciation and writing. Curriculum used in middle school will contain cultural studies to help students with exposure and understanding of the Spanish language. **Students are required to keep up with the Spanish google classroom which will contain all material and assignments discussed in every class. Google classroom is a great tool to keep students from falling behind, if ever absent. Students will have homework or projects due weekly.**
